## Old Business

Baskets – how many are there? We need a count so we can get things distributed. Jacob Wuebker to check and see how many people hit that threshold for a basket.

There's also discussion on the sale committee of having the opportunity to sell a gallon of milk online but not through the live auction. More details to come.

## Book Details

All dates will need updated.

Stalling – Half panel for steer, milk cow or yearling heifer; 3 feeder calves to a panel; 3 calves or small heifers to a panel.

Exhibitor Rule No. 3 – One "free" scratch will be allowed before August 1. You must tell an advisor, Jr. Fairboard member, or dairy committee member. After August 1, there needs to be a vet note. At the fair barn meeting, the exhibitor will need to turn in exhibitor page, printed from the ring book, and have it signed by both the exhibitor and the parent with all scratches made.

Exhibitor Rules (place after Rule No. 10) See 901-19-12 for a list of Ohio's Administrative Code for Acceptable and Unacceptable practices on preparing for a show.

Rule No. 24 – Milk cows will be released on Wednesday at the conclusion of the open show.

## Showmanship

Follow up on Rule No. 1. All showmanship entries should be made online. Any additions or scratches to showmanship must be done at the barn meeting.
